

Salvaging Sheared Plants

Restoration and renovation pruning can be applied to all plants, but some will also respond to radical pruning

Common Name	Plant Name	Season to Treat	Radical Pruning	Restoration
Anacacho-orchid Tree	<i>Bauhinia lunarioides</i>	late winter		Gradual selective thinning
Arizona Rosewood	<i>Vauquelinia californica</i>	late spring		Gradual selective thinning
Autumn Sage	<i>Salvia greggii</i>	late spring	cut back to base	
Baja Fairy Duster, Red Fairy Duster	<i>Calliandra californica</i>	late spring	cut back to 6-8"	To restore natural form, cut selected stems back to base
Bee Brush, Whitebrush	<i>Aloysia gratissima (A. lycioides)</i>	late winter	cut back to 1'	
Black Dalea	<i>Dalea frutescens</i>	late winter, early spring	cut back to 6-8"	
Blue Mist	<i>Caryopteris x clandonensis 'Dark Knight'</i>	winter	cut back to 4"	
Bougainvillea	<i>Bougainvillea sp.</i>	late winter	cut back to 6-8"	
Brittlebush	<i>Encelia farinosa</i>	late spring	cut to ground	
Broom Snakeweed	<i>Gutierrezia sarothrae</i>	late spring or late fall	cut back to 4"	
Bush Lantana	<i>Lantana camara</i>	late winter, early spring	cut back to ground	
Bush Morning Glory	<i>Convolvulus cneorum</i>	late spring		Cut back to 1/2 size
Chamisa, Rubber Rabbitbrush	<i>Ericameria or Chrysothamnus nauseosus</i>	late spring	cut back to 6-8"	
Chaparral Sage	<i>Salvia clevelandii</i>	late summer, early fall	cut back to 6-8"	
Chaste Tree, Monk's Pepper Tree	<i>Vitex agnus-castus</i>	late winter	cut back to 8-12"	Gradual selective thinning (for tree form)
Chuparosa	<i>Justicia californica</i>	late spring	cut to ground	
Creosote	<i>Larrea tridentata</i>	winter	cut back to 8-12"	
Damianita	<i>Chrysactinia mexicana</i>	late spring		Cut back to 1/2 size
Desert Broom	<i>Baccharis sarothroides</i>	fall to spring	cut to ground	
Desert Milkweed	<i>Asclepias subulata</i>	late winter to spring	cut stems to base	
Desert Ruellia	<i>Ruellia peninsularis</i>	late winter, early spring	cut back to 6-8"	
Desert Saltbush	<i>Atriplex polycarpa</i>	late winter	cut back to 6-8"	
Desert Spoons	<i>Dasyllirion spp.</i>			Let new growth hide sheared leaves
Desert-honeysuckle	<i>Anisacanthus thurberi</i>	late winter	cut back to 1/2 size	
Desert-lavender	<i>Hyptis emoryi</i>	late fall or late spring	cut back to 6-8"	
Fire Bush, Firecracker Bush	<i>Hamelia patens</i>	late winter, early spring	cut back to 4-6"	
Four-winged Saltbush	<i>Atriplex canescens</i>	late winter	cut back to 6-8"	
Germander	<i>Teucrium chamaedrys</i>	late spring or fall, winter	cut stems to base	
Globemallow	<i>Sphaeralcea ambigua</i>	late spring	cut back to 4-6"	
Goldeneye	<i>Viguiera parishii (V. deltoidea)</i>	late fall, winter	cut back to 6"	
Hopbush	<i>Dodonaea viscosa</i>	late fall to spring	cut back to 8-12"	
Indian-mallow, Superstition-mallow	<i>Abutilon palmeri</i>	late winter	cut back to 8"	
Jojoba	<i>Simmondsia chinensis</i>	late spring or late fall	cut back to 12"	
Littleleaf Cordia	<i>Cordia parvifolia</i>	late winter	cut back to 6-8"	
Mexican Bush Sage	<i>Salvia leucantha</i>	late winter, early spring	cut to ground	

Salvaging Sheared Plants

Restoration and renovation pruning can be applied to all plants, but some will also respond to radical pruning

Common Name	Plant Name	Season to Treat	Radical Pruning	Restoration
Mexican Fire™	<i>Anisacanthus quadrifidus</i> v. <i>wrightii</i>	late winter	cut back to 4-6"	
Mexican-honeysuckle	<i>Justicia spicigera</i>	late fall or late spring	cut back to ground	
Monterrey Blue™	<i>Dalea bicolor</i> v. <i>bicolor</i>	late winter, early spring	cut back to 6-8"	
Mountain Delight™	<i>Dalea versicolor</i> v. <i>sessilis</i>	late spring	cut back to 6-8"	
Mt. Lemmon Marigold	<i>Tagetes lemmonii</i>	late winter, early spring	cut back to 4-6"	
Muhly Grasses	<i>Muhlenbergia</i> spp.	winter or thru mid-summer	cut back to ground	
Ocotillo	<i>Fouquieria splendens</i>	any season	cut stems to base	
Oleander	<i>Nerium oleander</i>	late spring	cut back to 6-8"	Remove 1/3 of largest stems annually
Orange Jubilee	<i>Tecoma</i> x 'Orange Jubilee'	late winter, early spring	cut back to 6-8"	
Pink Fairy Duster	<i>Calliandra eriophylla</i>	late spring	cut to ground	
Prairie Sagebrush, Western				
Mugwort	<i>Artemisia ludoviciana</i>	late winter	cut to ground	
Quailbush	<i>Atriplex lentiformis</i>	late winter	cut back to 6-8"	
Red-bird of paradise	<i>Caesalpinia pulcherrima</i>	winter	cut back to 6-8"	
Red-yucca	<i>Hesperaloe parviflora</i>	fall to spring	cut leaves to base	
Rockrose	<i>Pavonia lasiopetala</i>	late winter, early spring	cut back to 4-6"	
Rosemary	<i>Rosmarinus officinalis</i>	late spring	do not stump back	Light tip pruning over extended time
Rosemarymint	<i>Poliomintha maderensis</i>	late winter, early spring	cut back to ground	
Rough Wedelia, Rough-zexmenia	<i>Wedelia texana</i> (<i>Zexmenia hispida</i>)	late winter	cut to ground	
Russian-sage	<i>Perovskia atriplicifolia</i>	late fall, winter	cut back to ground	
Sennas, Australian	<i>Senna</i> spp.	late spring	cut back to 8-12"	Remove 1/3 of largest stems annually
Sweetbush	<i>Bebbia juncea</i>	late spring	cut back to 4-6"	
Texas Ebony	<i>Ebenopsis ebano</i>	late spring		Begin selective thinning after 1 year grow-out
Texas Mountain-laurel	<i>Sophora secundiflora</i>	late spring		Gradual selective thinning
Texas Ranger, Barometer Bush	<i>Leucophyllum frutescens</i>	late fall to early spring	cut back to 12"	
Tree Mallow	<i>Lavatera maritima</i>	late winter, early spring	cut back to 6-8"	
Triangle-leaf Bursage	<i>Ambrosia deltoidea</i>	late winter, early spring	cut back to 2"	
Trixis	<i>Trixis californica</i>	late spring	cut back to 4-6"	
Turpentine Bush	<i>Ericameria laricifolia</i>	late winter	cut back to 4-6"	
Valentine®/Cupid Emu Bush	<i>Eremophila maculata</i>	late spring	cut back to 6-8"	
Wooly Butterflybush	<i>Buddleia marrubiifolia</i>	late fall or winter	cut back to 6-8"	
Yellow and Desert-bird of paradise	<i>Caesalpinia gilliesii</i>	winter	cut back to 6-8"	
Yellow Bells, Esperanza	<i>Tecoma stans</i>	late winter, early spring	cut back to 6-8"	
Yellow Bush Dalea	<i>Dalea lutea</i>	late fall to early spring	cut back to 6-8"	
	<i>Dalea dorychnioides</i>	late spring	cut back to 6-8"
